设置 冬/夏 功能

The control panel features a large digital display showing '60 °C'. To the right, there are three horizontal bar indicators for '负荷' (Load), '卫浴水量' (Bathroom Water Volume), and '供暖水压' (Heating Water Pressure) which is set to '1.2 bar'. Below the display is a line graph showing a temperature curve with a dip. At the bottom, there are several touch-sensitive buttons labeled '复位' (Reset), '升温' (Heat Up), '降温' (Cool Down), '设置' (Settings), '冬/夏' (Winter/Summer), and '功能' (Function). A power button icon is also visible on the graph.
